TECHNICAL SKILLS

Languages: HTML, CSS, JAVASCRIPT, JQUERY, NODE.js, REACT.js, Express.js, MongoDB, MySQL, Bootsrap, Materialize, Ejs.

EXPERIENCE

Outback Steakhouse

2017 – 2020
Riverside, Ca

Responsibilities at this job were that of a typical waiter. To take orders from delightful people who would never lie about the accuracy of their orders to get free food. Being responsible for cleaning, helping other servers when they got busy or lazy, take orders, and serve drinks.

Key Accomplishments:

- In the restaurant business there are not many things to accomplish as most of us want to stay at the server position. So instead, something that was thoroughly enjoyed was coming across so many different types of people that it gives you perspective on different dynamics of people.
- Consistently in the top for upselling food and beverage. Also helped come up with creative ways to boost sales such as being entered into a raffle if someone upgraded their side to a premium side.

Kohls Department Store

2010 – 2017
Riverside, Ca

Upon starting, was a basic level truck associate unloading shipments. Eventually, moved up to the Visual Supervisor where responsibilities were to run a team to keep the store's graphics, ads, display's up to corporate guidelines. Taking conference calls weekly to assess what was completed the prior week so used to deadlines and frequent performance review.

Key Accomplishments:

- Worked up from being on the truck team to a supervisor level within the store. I view this as a big accomplishment seeing how it shows my versatility which my job noticed moving me around in different jobs where I exceeded to become a higher-level supervisor.

EDUCATION

Bachelor's Degree in Psychology: California State University of San Bernardino, Ca

Attained a Psychology degree focused behavior and motivation. Learned skills that have helped me understand people and their motivations.
